

Classical High School Alumni Association

Who We Are

We are a team of Classical High School alumni who hold our school in high esteem and honor our Classical education. Founded in 2002, our Association is dedicated to ensuring Classical continues providing an exceptional, well-rounded public education to its students.

Our Mission

We strive to “Keep Classical Strong” through ideas, collaborations, volunteer opportunities, and financial support for faculty and students. We seek to preserve and support Classical’s tradition of excellence.

School Support

Since the inception of the Classical High School Alumni Association, we have raised over \$2 million to provide faculty, students, and the administration with grants for curriculum enhancements, extra-curricular programs, and technological improvements. We improved virtual learning programs, while supporting services that address the students’ social and emotional learning. **Here are a few specific ways that dollars raised are being used, we have:**

- awarded funding for student field trips locally and abroad
- upgraded the school’s language laboratory
- established the College Room for students to make higher education choices and prepare applications
- re-established a full-time music program that included instrument purchases
- procured the first turf sports field for a Providence public school in conjunction with the NFL, Patriots and the Kraft Foundation
- upgraded multiple team uniforms
- provided additional supplies to the art program
- funded the Advance Placement (AP) Exam Certification for Teachers
- purchased yearbooks for the senior class
- provided online learning modules for STEM knowledge advancement
- collaborated with Trinity Repertory Company on performing arts programs
- provided emergency COVID-19 relief funds to students and faculty

Our Alumni

Dating back to 1843, Classical alumni have impacted and influenced disciplines across business, medicine, law, government, science, and technology in Rhode Island, as well as on a national and global scale. Our education produced respected business and medical leaders, elected government officials, sports figures, and NASA scientists. **We continue to support and engage Alumni through annual events and fundraising opportunities**, such as our Distinguished Alumni Awards Dinners, and our Purple and White summer parties. **We're honored to acknowledge and promote our alumni base and continue to help "Keep Classical Strong!"**
